1. Introduction

1.1. What is Timesheets AI?

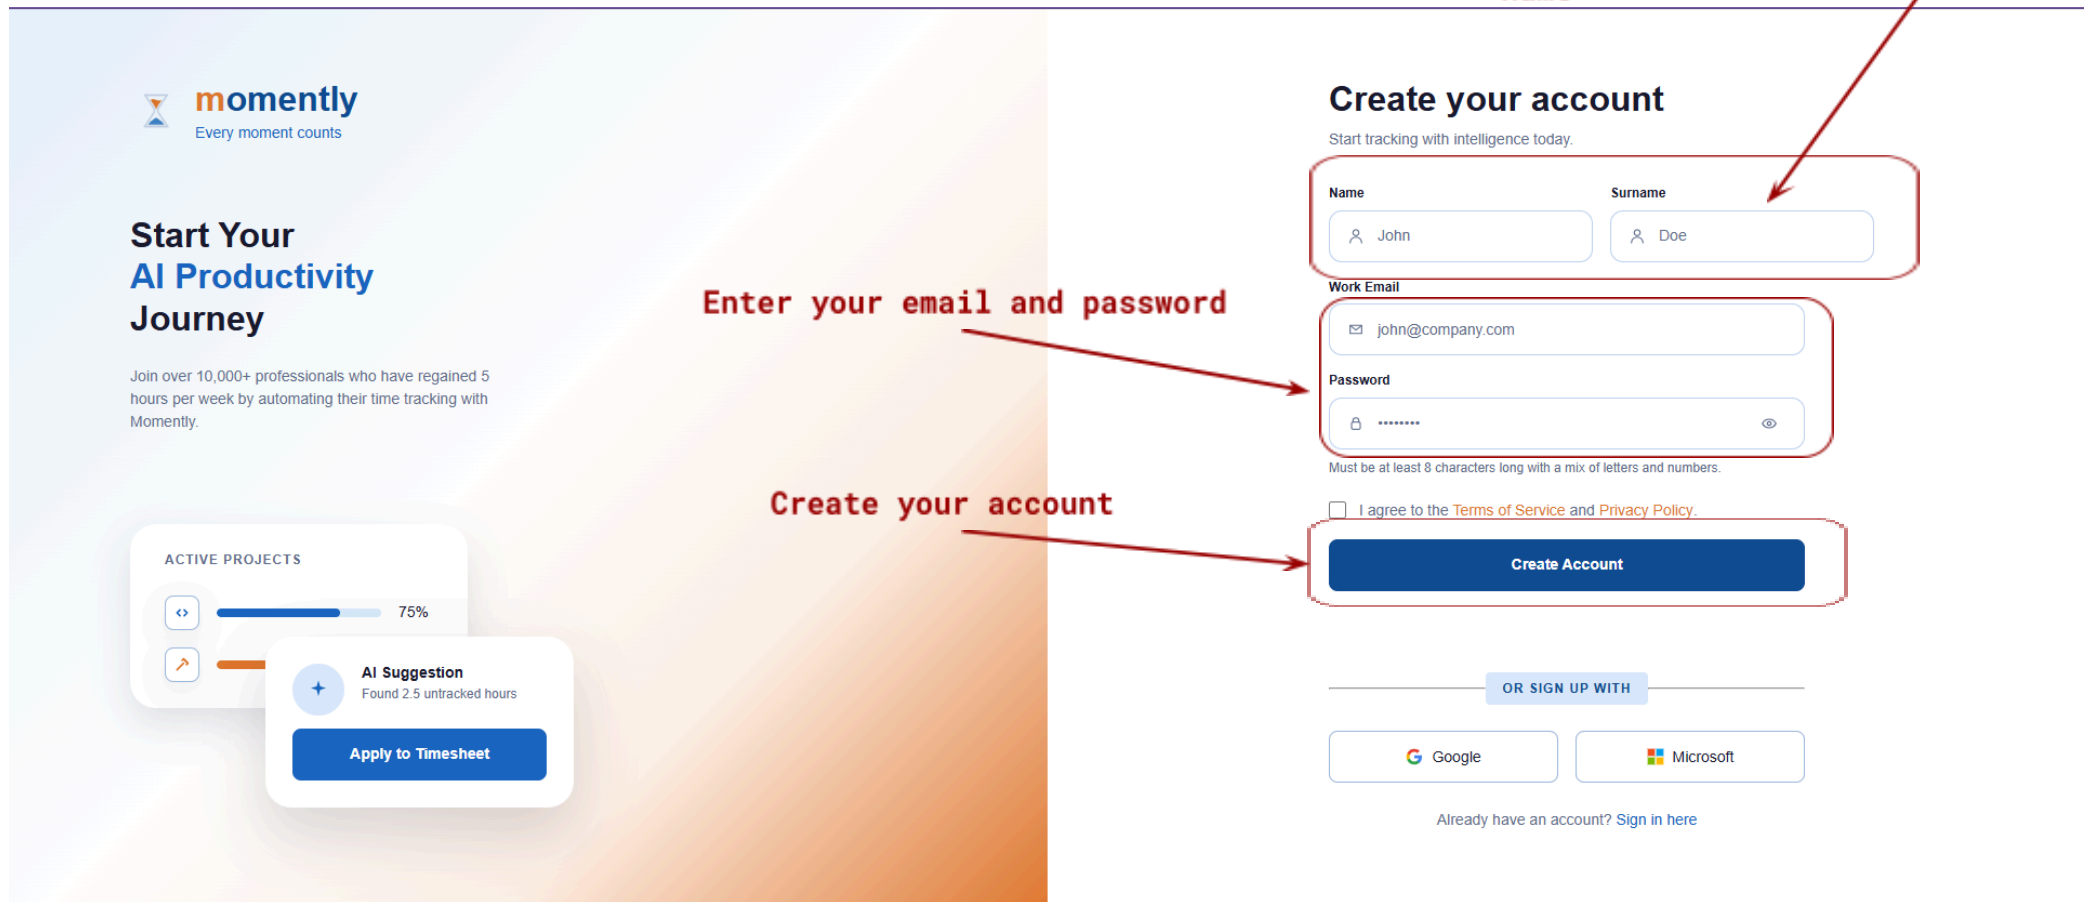

Timesheets AI is an all in one time-tracking and workforce management platform designed to help teams log their work hours, manage projects, submit timesheets, and track productivity.

1.2. Who is this manual for?

The manual is for everyone using Timesheets AI, whether you are a developer logging your time, or a manager approving team timesheets, or an admin managing workspaces and users.

2. Getting started

2.1. Sign Up

The screenshot shows the Momently sign-up page. On the left, there's a hero section with the Momently logo and the text "Start Your AI Productivity Journey". Below this, it says "Join over 10,000+ professionals who have regained 5 hours per week by automating their time tracking with Momently." There's also a section for "ACTIVE PROJECTS" showing a progress bar at 75% and an "AI Suggestion" box that says "Found 2.5 untracked hours" with an "Apply to Timesheet" button.

On the right, the "Create your account" form is highlighted with red boxes and arrows. The form includes:

- Name** and **Surname** fields. An arrow points to the Surname field with the text "Enter your first and last name".
- Work Email** field with the placeholder "john@company.com".
- Password** field with a strength indicator. An arrow points to this field with the text "Enter your email and password".
- A checkbox for "I agree to the Terms of Service and Privacy Policy."
- A blue **Create Account** button. An arrow points to this button with the text "Create your account".

Below the form, there's a section for "OR SIGN UP WITH" with buttons for Google and Microsoft. At the bottom, it says "Already have an account? Sign in here".

Step 1: Go to the Timesheets AI sign-up page.

Step 2: Fill in your details:

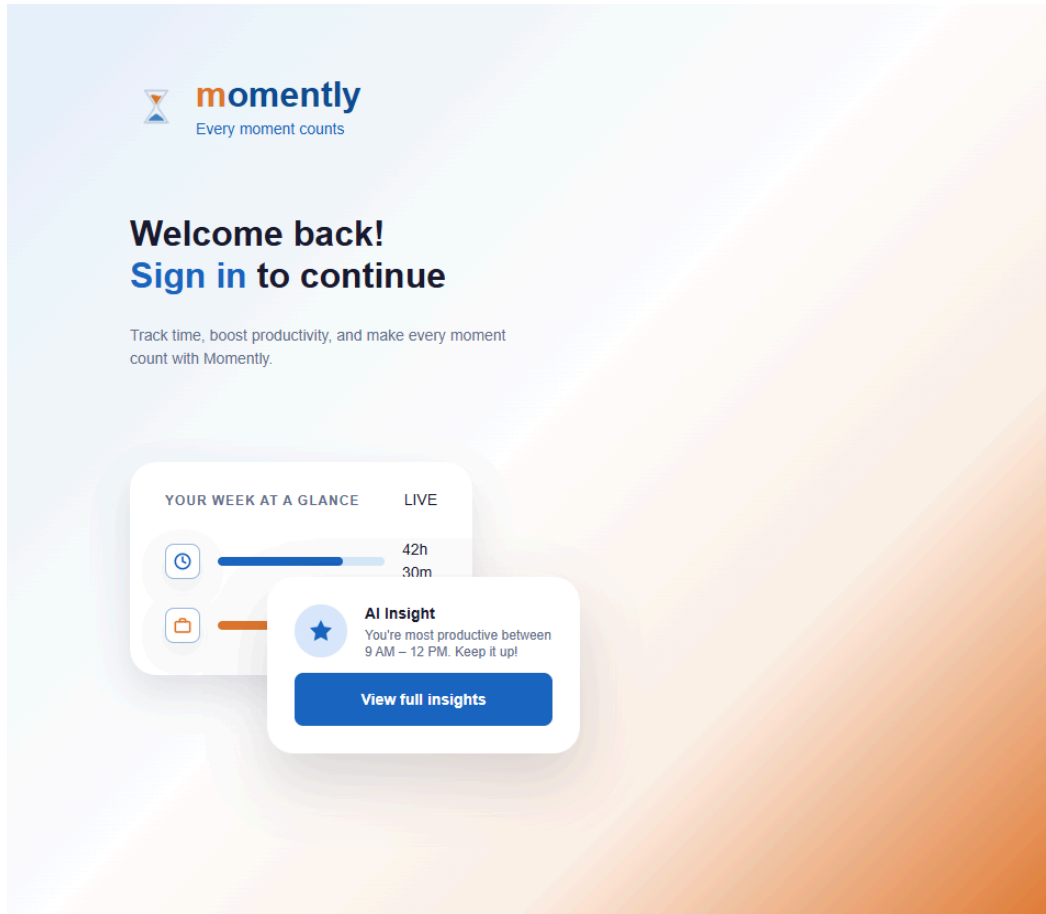

- First Name
- Last Name
- Email (must be a valid company email)
- Password (minimum 8 characters, must include uppercase, number, and special character)

Step 3: Click Sign Up.

Step 4: Check your email for a verification link and click it to verify your account.

Step 5: You're now ready to log in!

2.2. Sign In

Sign in to your account

Enter your details to access your workspace.

Step 1: Go to the Timesheets AI login page.

Step 2: Enter your email and password.

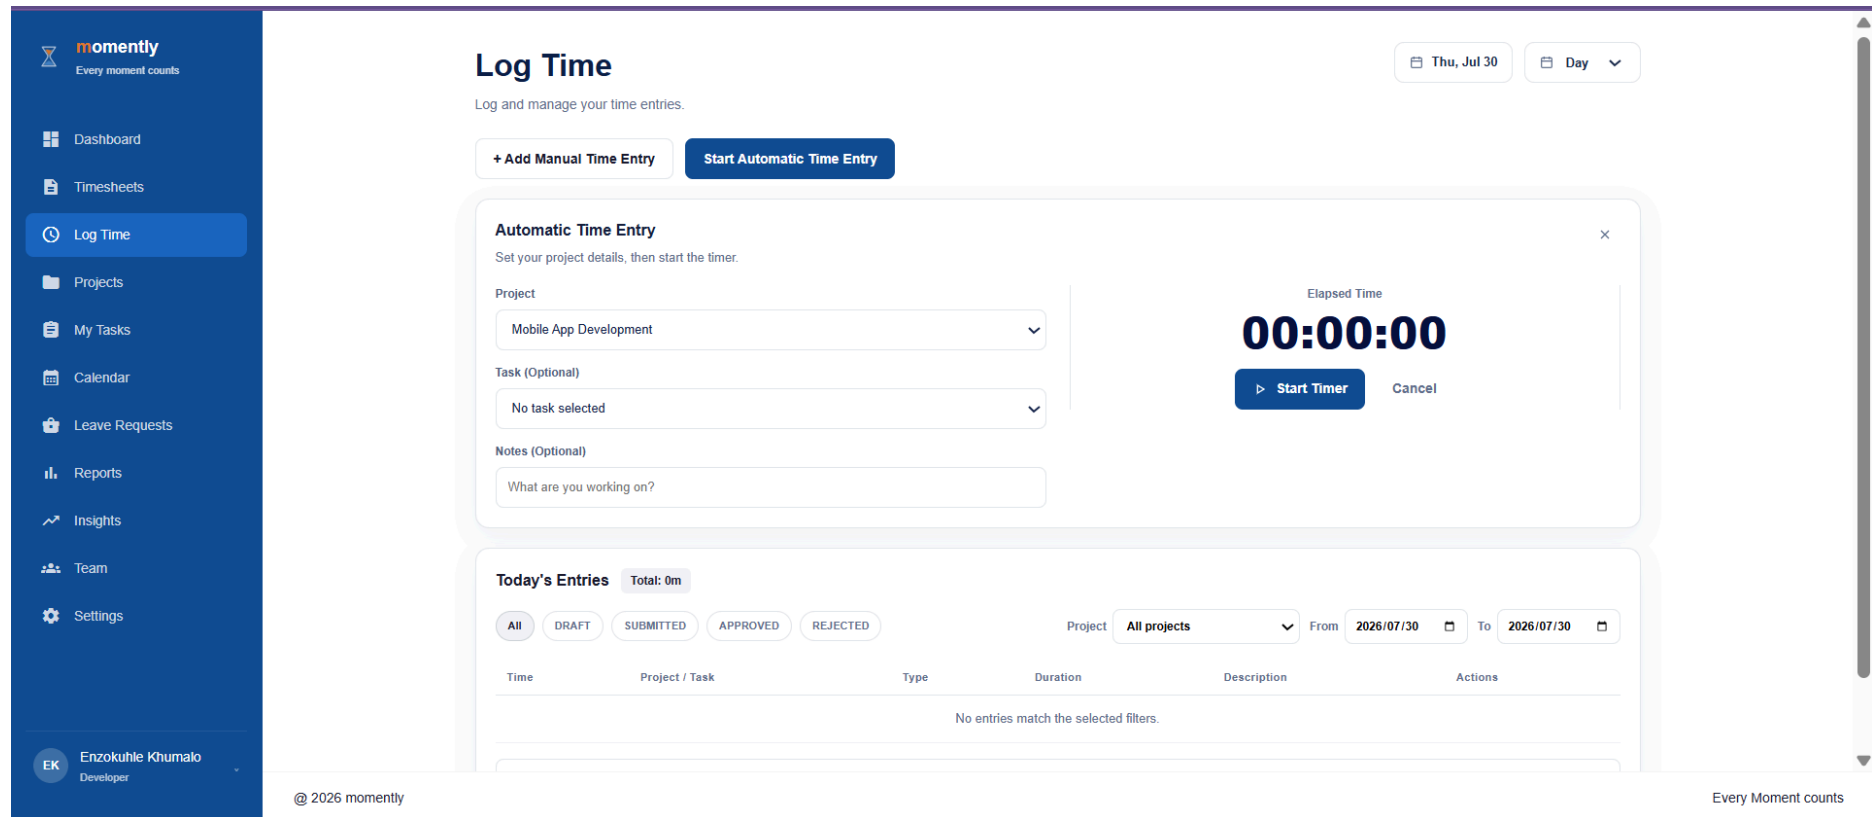

Step 3: Click Sign In.

Step 4: You'll be redirected to your dashboard.

Note: If you've enabled Multi-Factor Authentication (MFA), you'll need to enter your TOTP code from your authenticator app.

3. Core Features

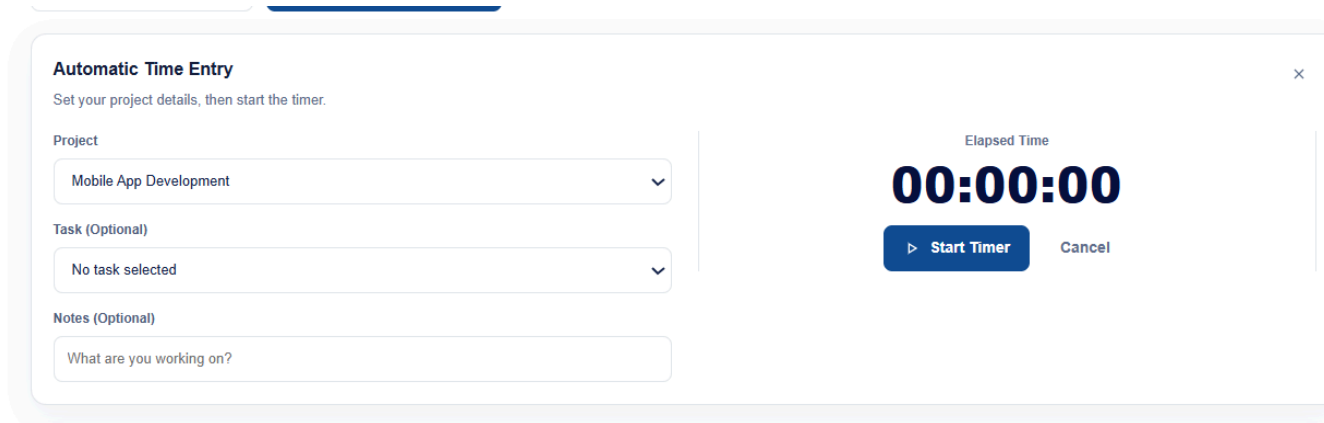

3.1. Timer (Logging Time)

The screenshot displays the 'Log Time' interface of the Momently application. On the left is a dark blue sidebar with navigation links: Dashboard, Timesheets, Log Time (highlighted), Projects, My Tasks, Calendar, Leave Requests, Reports, Insights, Team, and Settings. At the bottom of the sidebar is a user profile for 'Enzokuhle Khumalo, Developer'. The main content area is titled 'Log Time' with the subtitle 'Log and manage your time entries.' It includes two buttons: '+ Add Manual Time Entry' and 'Start Automatic Time Entry'. Below these is a modal for 'Automatic Time Entry' where users can set project details (Project: Mobile App Development, Task: No task selected, Notes: What are you working on?) and start a timer. The timer shows 'Elapsed Time' as '00:00:00' with 'Start Timer' and 'Cancel' buttons. Below the modal is a section for 'Today's Entries' with a 'Total: 0m' indicator. It features filters for entry status (All, DRAFT, SUBMITTED, APPROVED, REJECTED) and project (All projects), along with date range selectors (From: 2026/07/30, To: 2026/07/30). A table with columns Time, Project / Task, Type, Duration, Description, and Actions is shown, but it contains no data, with a message 'No entries match the selected filters.' at the bottom. The footer includes '@ 2026 momently' on the left and 'Every Moment counts' on the right.

3.1.1. Start a Timer

Step 1: From the dashboard, click the Start Timer button.

Automatic Time Entry ×

Set your project details, then start the timer.

Project
Mobile App Development ▼

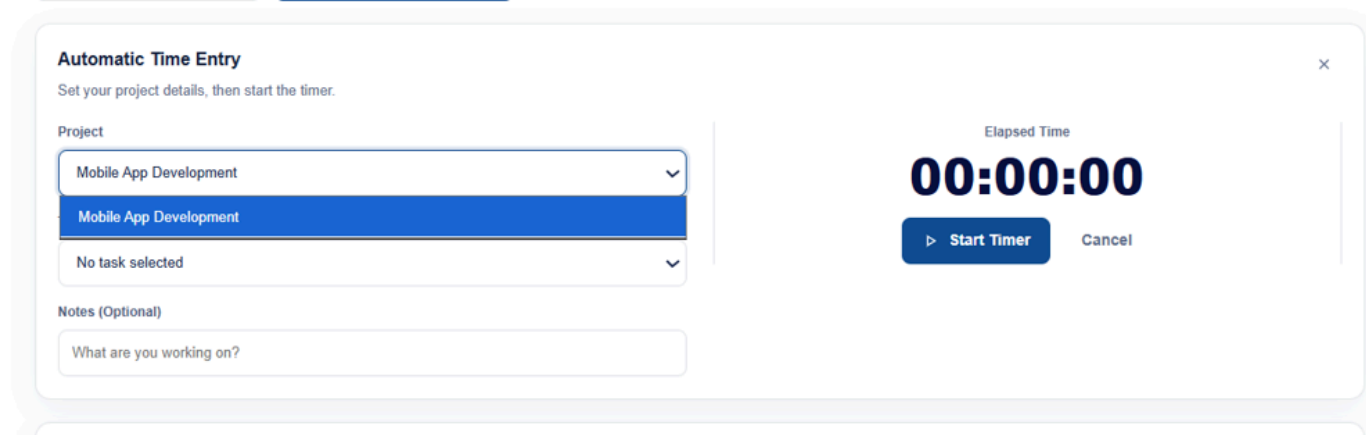

Task (Optional)
No task selected ▼

Notes (Optional)
What are you working on?

Elapsed Time
00:00:00

▶ Start Timer Cancel

Step 2: Select a Project from the dropdown

Automatic Time Entry ×

Set your project details, then start the timer.

Project
Mobile App Development ▼

Mobile App Development

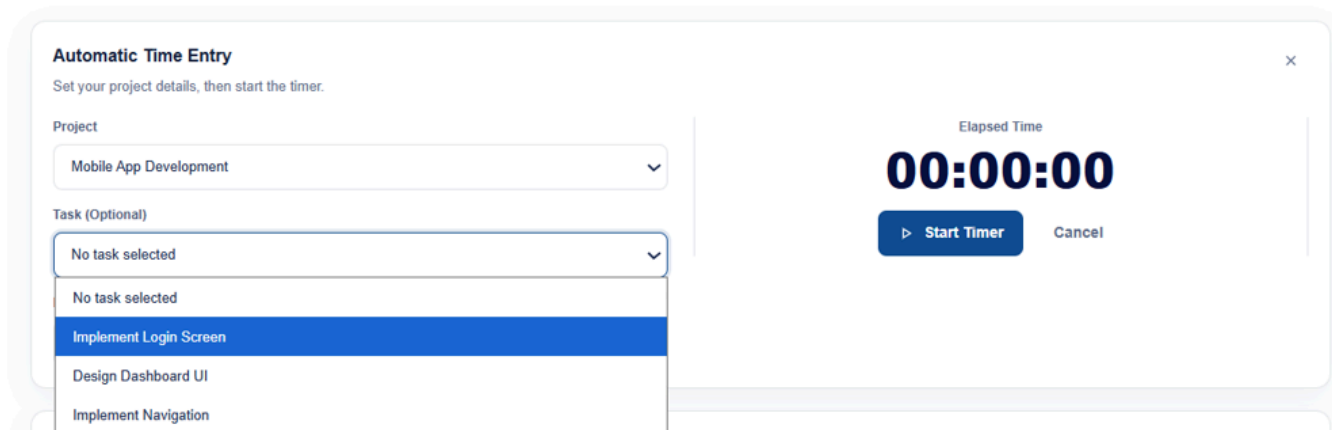

No task selected ▼

Notes (Optional)
What are you working on?

Elapsed Time
00:00:00

▶ Start Timer Cancel

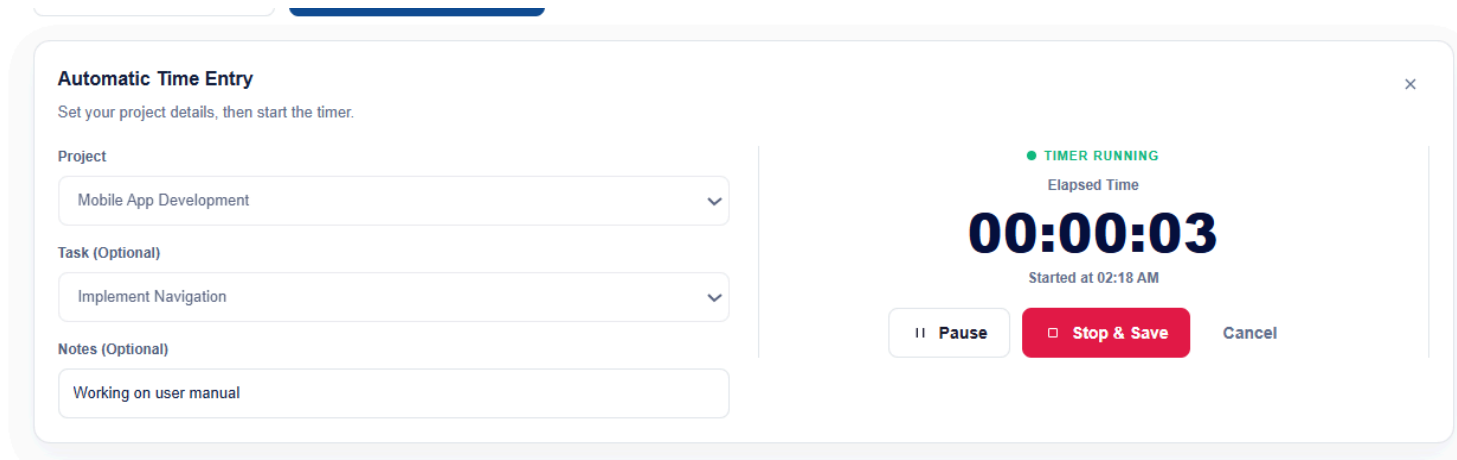

Step 3: (Optional) Select a Task from the dropdown.

The dialog box is titled "Automatic Time Entry" and includes a close button (X) in the top right corner. Below the title is the instruction "Set your project details, then start the timer." On the left side, there are two dropdown menus: "Project" (with "Mobile App Development" selected) and "Task (Optional)" (with "No task selected" selected). The "Task (Optional)" dropdown is open, showing a list of tasks: "No task selected", "Implement Login Screen" (highlighted in blue), "Design Dashboard UI", and "Implement Navigation". On the right side, the "Elapsed Time" is displayed as "00:00:00". Below the timer is a blue button labeled "Start Timer" and a "Cancel" link.

Step 4: Click Start.

Your timer will begin running, and you'll see the elapsed time increase.

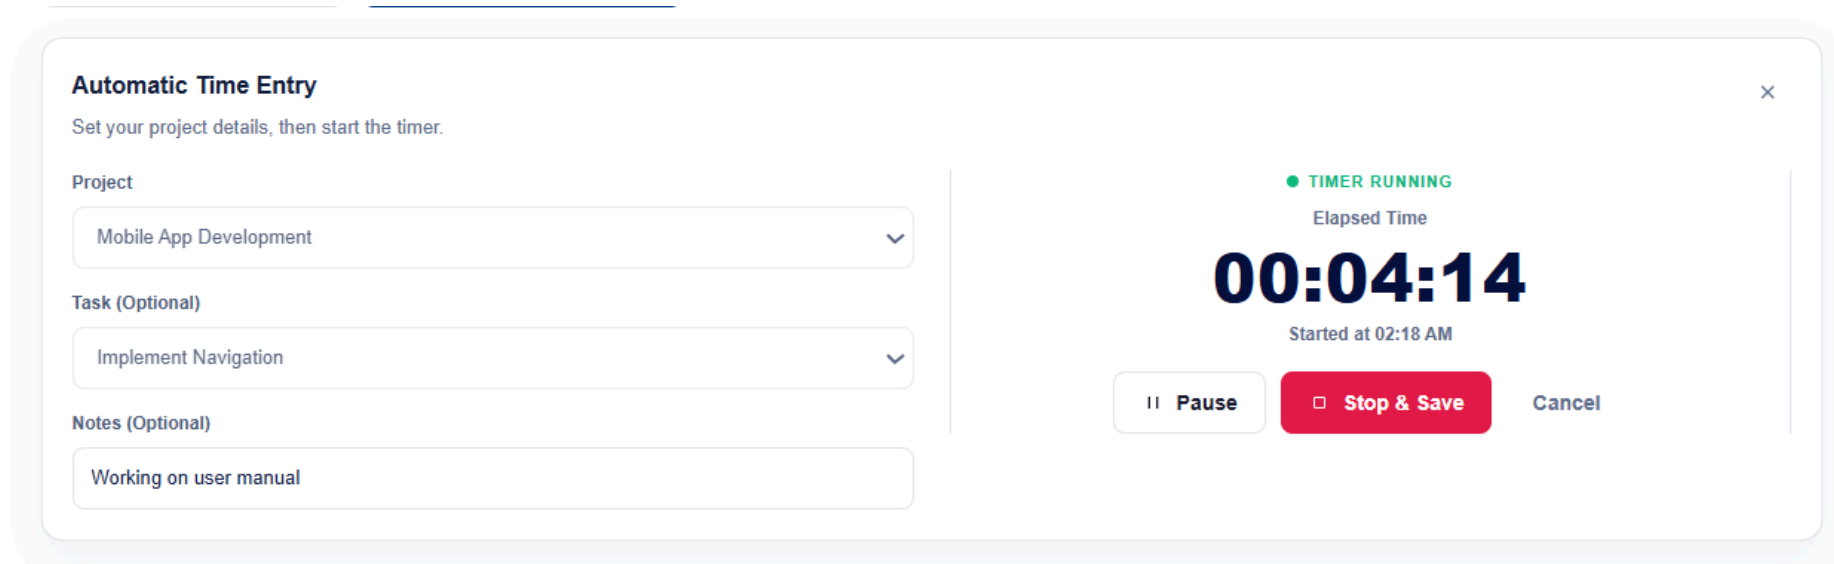

The dialog box is titled "Automatic Time Entry" and includes a close button (X) in the top right corner. Below the title is the instruction "Set your project details, then start the timer." On the left side, there are three input fields: "Project" (with "Mobile App Development" selected), "Task (Optional)" (with "Implement Navigation" selected), and "Notes (Optional)" (with "Working on user manual" entered). On the right side, the "Elapsed Time" is displayed as "00:00:03" in large blue digits. Above the timer is a green dot and the text "TIMER RUNNING". Below the timer is the text "Started at 02:18 AM". At the bottom right, there are three buttons: a "Pause" button (with a pause icon), a "Stop & Save" button (in red), and a "Cancel" link.

3.1.2. *Pause a Timer*

Step 1: While the timer is running, click the Pause button.

Step 2: The timer will pause, and you can resume it later.

Note: You can take breaks without losing your total time. The system tracks pause time separately.

A screenshot of the 'Automatic Time Entry' modal. The modal is titled 'Automatic Time Entry' and has a close button (X) in the top right corner. Below the title is the instruction 'Set your project details, then start the timer.' The form is divided into two main sections. The left section contains three input fields: 'Project' with a dropdown menu showing 'Mobile App Development', 'Task (Optional)' with a dropdown menu showing 'Implement Navigation', and 'Notes (Optional)' with a text input field containing 'Working on user manual'. The right section displays the timer status: a green dot followed by 'TIMER RUNNING', the text 'Elapsed Time', a large digital timer showing '00:04:14', and 'Started at 02:18 AM'. At the bottom of the right section are three buttons: 'Pause' (with a pause icon), 'Stop & Save' (in a red box with a square icon), and 'Cancel'.

3.1.3. *Resume a Timer*

Step 1: While the timer is paused, click the Resume button.

Step 2: The timer will continue running from where it left off.

Automatic Time Entry

Set your project details, then start the timer.

▶ Resume

□ Stop & Save

Cancel

3.1.4. Stop a Timer

Step 1: When you've finished work, click the Stop button.

Step 2: A time entry will be automatically created and added to your current timesheet.

Note: The time entry will be saved as a draft (unlocked) so you can edit it if needed.

Timer entry saved.

3.2. Manual Time Entry

The screenshot displays the Momently 'Log Time' interface. On the left is a dark blue sidebar with navigation links: Dashboard, Timesheets, Log Time (highlighted), Projects, My Tasks, Calendar, Leave Requests, Reports, Insights, Team, and Settings. At the bottom of the sidebar is a user profile for 'Enzokuhle Khumalo, Developer'. The main content area is titled 'Log Time' with the subtitle 'Log and manage your time entries.' It includes a date selector 'Thu, Jul 30', a 'Day' dropdown, a 'SUBMITTED' status button, and a 'Submit Timesheet' button. Below these are two buttons: '+ Add Manual Time Entry' and 'Start Automatic Time Entry'. The 'Manual Time Entry' form is open, showing fields for Project (Mobile App Development), Task (Optional) (No task selected), Entry Type (Manual), Start Time (09:00), End Time (10:00), and Duration (1h). A description field contains the text 'What did you work on?'. At the bottom right of the form are 'Cancel' and 'Save Entry' buttons. A summary bar at the bottom shows 'Today's Entries' with a 'Total: 1h 2m'. The footer includes the copyright '@ 2026 momently' and the tagline 'Every Moment counts'.

Submit Timesheet

@ 2026 momently

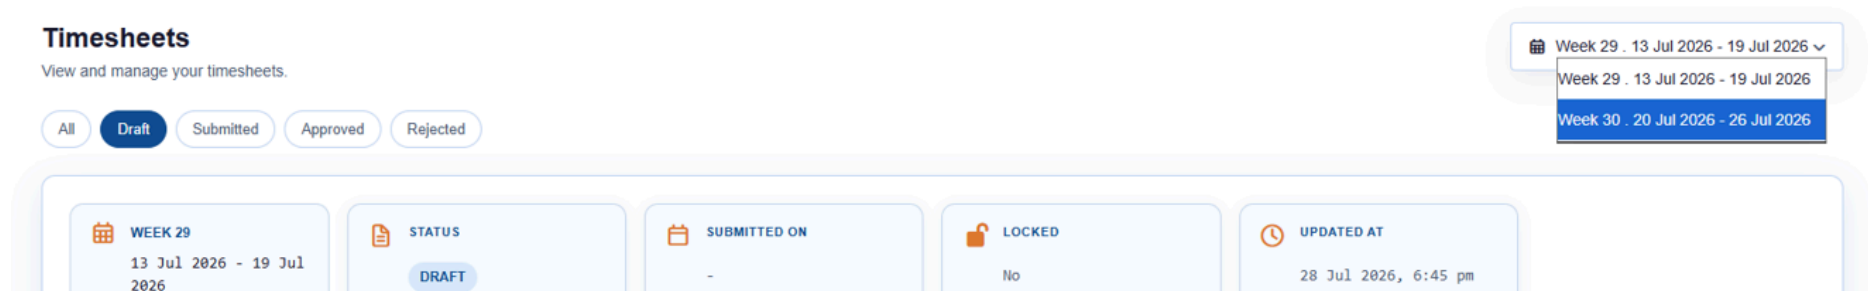

Every Moment counts

3.3.1. *View my Timesheets*

Step 1: Click Timesheets from the navigation menu.

Step 2: You'll see a list of your timesheets for different weeks.

Step 3: Click on any timesheet to view its details.

The screenshot shows the 'Timesheets' section of the Momently application. At the top, there's a header 'Timesheets' with the subtitle 'View and manage your timesheets.' Below this are five filter buttons: 'All', 'Draft' (which is highlighted), 'Submitted', 'Approved', and 'Rejected'. To the right of these buttons is a dropdown menu for selecting a week. The dropdown is open, showing three options: 'Week 29 . 13 Jul 2026 - 19 Jul 2026', 'Week 29 . 13 Jul 2026 - 19 Jul 2026', and 'Week 30 . 20 Jul 2026 - 26 Jul 2026'. Below the filters is a table of timesheets. The first row is for 'WEEK 29' (13 Jul 2026 - 19 Jul 2026). The 'STATUS' column shows 'DRAFT'. The 'SUBMITTED ON' column shows '-'. The 'LOCKED' column shows 'No'. The 'UPDATED AT' column shows '28 Jul 2026, 6:45 pm'.

3.3.2. *View Timesheet Details*

Step 1: Click a timesheet from the list.

Step 2: You'll see:

- Period: The week the timesheet covers
- Status: Draft, Submitted, Approved, or Rejected
- Time Entries: All entries logged during that period
- Total Hours: Sum of all entries

Step 3: If it's a Draft, you can edit or delete entries.

3.3.3. Submit a Timesheet

Step 1: Open a Draft timesheet.

Step 2: Review all time entries to ensure they're correct.

Step 3: Click the Submit button.

Step 4: Confirm submission.

The timesheet is now SUBMITTED and locked. Your manager can now review and approve it.

Note: Once submitted, you cannot edit the entries. If changes are needed, your manager must Reject it first.

TASK	MON, JUL 13	TUE, JUL 14	WED, JUL 15	THU, JUL 16	FRI, JUL 17	SAT, JUL 18	SUN, JUL 19	TOTAL
Design Dashboard UI Mobile App Development	3hr 0m	-	3hr 0m	-	-	-	-	6hr 0m

3.4.3. Cancel a Leave Request

Step 1: Open a PENDING leave request.

Step 2: Click Cancel.

Step 3: (Optional) Provide a reason for cancellation.

Step 4: Confirm cancellation.

The request is now CANCELLED.

Note: You can only cancel PENDING requests. Approved or rejected requests cannot be cancelled.

3.5. Projects

3.5.1. View Projects

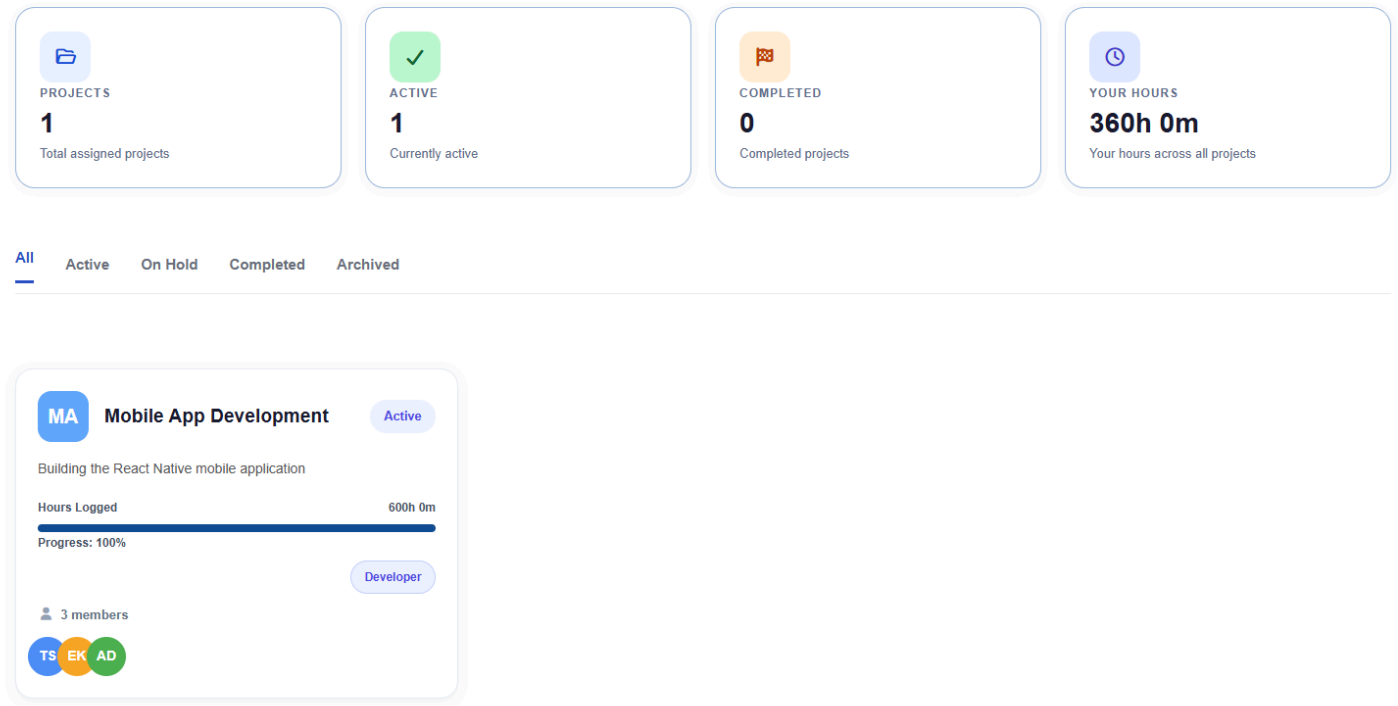

Step 1: Click Projects from the navigation menu.

Step 2: You'll see:

All Projects – Projects assigned to you

Project Name and Description
Status – Active, On Hold, Completed, Archived

Step 3: Click a project to view its details.

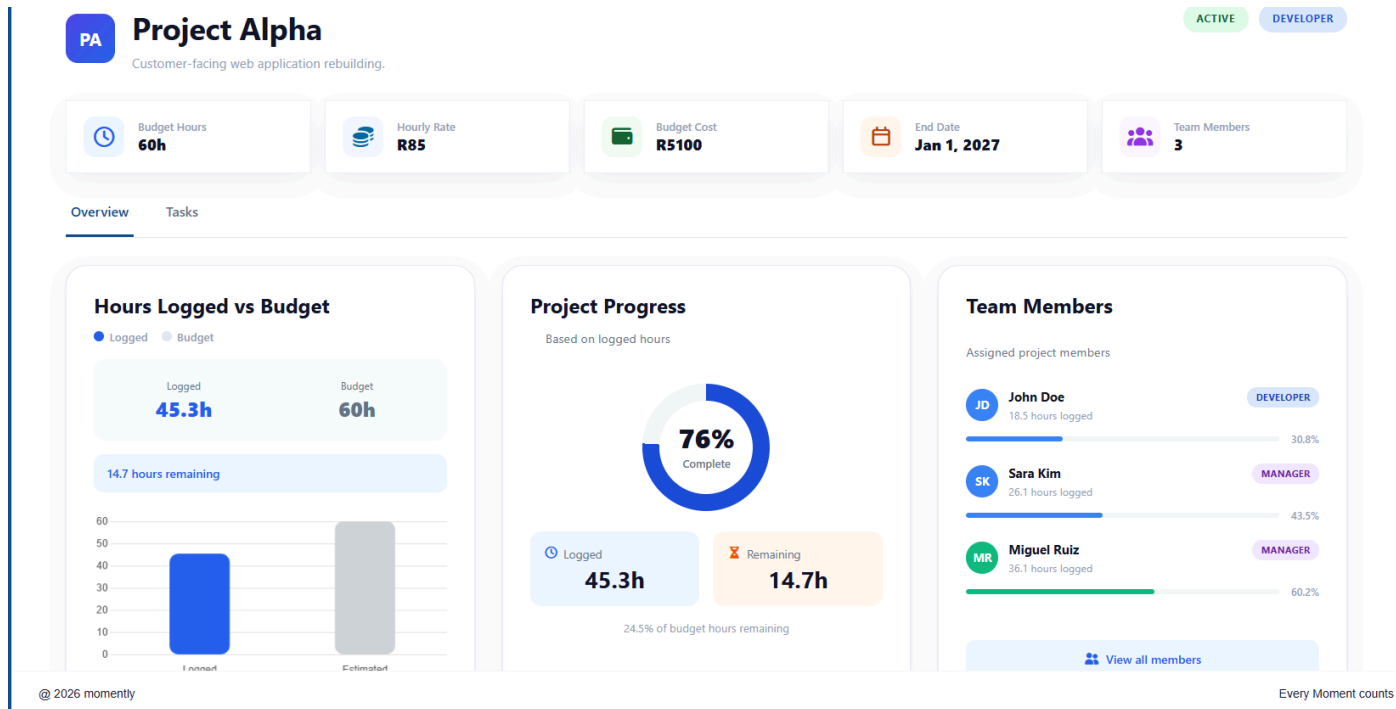

3.5.2. View Project Details

Step 1: Click a project from the list.

Step 2: You'll see:

- Project Name and Description
- Status: Active, On Hold, Completed, Archived
- Progress: Hours logged vs Budget hours
- Members: Team members on the project
- Hours per Member: How many hours each member has logged

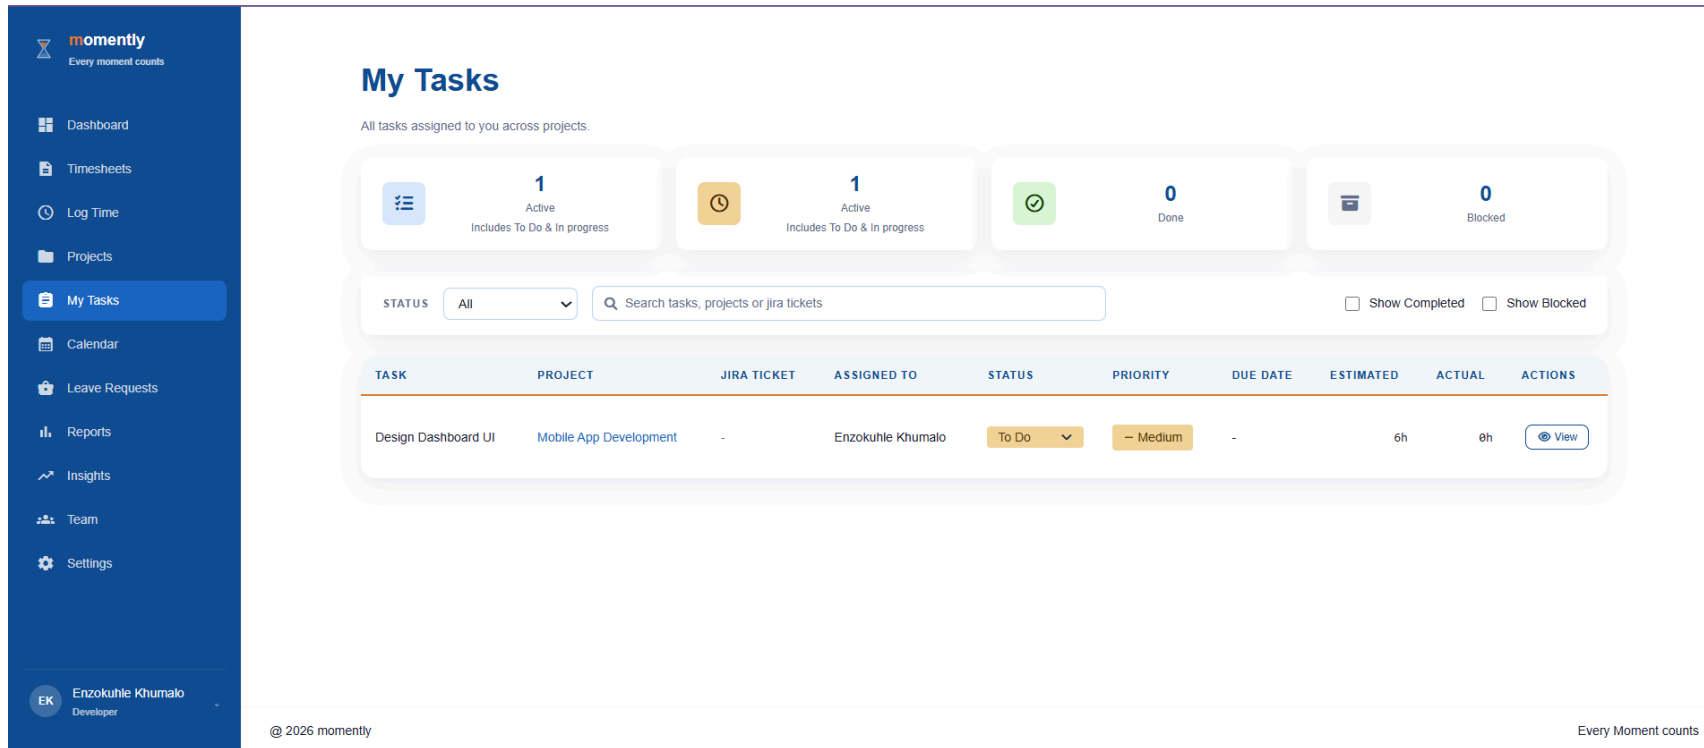

Note: As a Developer, you'll only see projects you're assigned to. Managers and Admins see more details like budget and cost.

3.6. Tasks

3.6.1. View My Tasks

Step 1: Click My Tasks from the navigation menu.

4. FAQ and Troubleshooting

Q1. Why can't I start a timer?

You might have an existing timer running. Stop the current timer or discard it before starting a new one.

Q2. Why can't I edit a time entry?

Time entries are locked if the timesheet has been submitted or approved. If it's a draft, you should be able to edit it.

Q3. Why was my timesheet rejected?

Check the rejection reason provided by your manager. Common reasons include missing entries, incorrect hours, or missing descriptions.

Q4. Can I cancel a leave request after it's approved?

No. Once approved, the leave request is final. Contact your manager to discuss changes.

Q5. What happens if I close the browser with a timer running?

The timer continues running in the background. When you log back in, you'll see the active timer and can stop it.

Q6. Why is my email verification not working?

- Check your spam/junk folder for the verification email
- Ensure you clicked the link within 24 hours
- If the token expired, request a new one

Q7. What are the different timesheet statuses?

DRAFT – You can still edit entries

SUBMITTED – Waiting for manager approval

APPROVED – Manager approved it

REJECTED – Manager returned it for corrections
